Cracking the Millionaire Code
"Failures Are Worth Millions" Worksheet

Yes, just think of the stories you have heard from famous people who faced failure after failure until they succeeded. That, in fact, is the pattern of success. Don't give up until you succeed. Once you break out of your failure mode, then your story of how you did it is extremely valuable. So list a few failures you have experienced and then tell how you can make them pay you back thousands of times over.

My Failures	Profit Centers from My Failures
